

## Declaration of Conformity – RoHS

Hereby we confirm the conformity of our products according to the RoHS Directive 2011/65/EC of the European Parliament and of the Council dated 8 June 2011 on the restriction of the use of hazardous substances in electrical and electronic components and equipment, as well as compliance with the maximum permissible concentration in homogeneous materials in weight percentages <0.01 % of cadmium, lead, mercury, hexavalent chromium (Cr6+), polybromated biphenyls (PBB) and polybrominated diphenyl ether (PBDE) <0.1 % according to Annex II of the Directive.

**ET System electronic GmbH** hereby declares that all our products are produced in compliance with RoHS.

### Exceptions set out in Annex II of the Directive, Section 7a:

Products and applications where application-related high-temperature solder with a lead content of >85 % must be used are considered part of the exception and are also RoHS compliant.

## Declaration of Conformity – REACH

As a manufacturer of electrical and electronic products, **ET System electronic GmbH** is a "downstream user" as defined by the REACH Directive 1907/2006. Obligations due to the manufacture and placing on the market of substances / chemicals for the pre-registration and registration (ECHA) do not apply to us.

Our articles are therefore products and therefore not definable as substances or preparations. In addition, no material is released by our products under normal and foreseeable conditions of use. Thus **ET System electronic GmbH** is neither subject to the registration obligation nor the requirement for the preparation of safety data sheets.

To ensure the continuous supply of reliable and safe products for our customers, we make sure our suppliers comply with all requirements in relation to chemical substances and materials; thus we ensure that no substances from the candidate list of substances of very high concern (SVHC) are used for manufacturing our products.

At the same time, we adhere to the obligations of the "ECHA Guidelines for Downstream Users".
